

Higher Education Consulting - Providing Coverage on the Recovery

Huron's Reporting Tool for ARRA Awards

Huron Consulting Group is pleased to announce the release of our complimentary ARRA reporting tool. This tool includes the required data fields from the [Office of Management and Budget \(OMB\) guidance dated June 22nd](#) and the interim [Federal Acquisition Regulation \(FAR\) clause](#) from March 2009.

We understand that the requirements are changing and we will proactively address any necessary updates. Please click [here](#) to download the reporting tool which includes detailed user instructions and descriptions for each data element. We recommend that you bookmark this link so that you may have it available for future reference.

Although this tool will not replace the required report submission methods on www.federalreporting.gov, we hope that it will be a useful resource for your institution. Our tool was designed to assist award recipients with gathering data consistently, combining detailed data elements into aggregate amounts, and facilitating any internal routing between responsible departments within your institution.

Please contact us if you have any questions regarding this tool or if you would like to discuss how Huron can assist your institution meet the challenges associated with ARRA awards.

We are actively helping institutions respond to the challenges associated with the American Recovery and Reinvestment Act (ARRA) by:

- Providing interim management and staff support
- Developing customized reporting tools
- Enhancing effort reporting practices
- Advising on non-traditional grant and contract proposals and awards
- Preparing institutions for increased federal oversight and monitoring
- Evaluating the impact of indirect and direct cost recovery

Huron resolves difficult business issues with creative and practical solutions. Our teams focus on the interaction and support among central and academic units, the mechanisms for providing critical information to faculty, and the regulatory challenges which collectively are at the heart of effective research administration.
