

Innovating Your ED: Reemerging Stronger After a Pandemic

An Interactive, Virtual Workshop • June 15, 2021

During this Huron virtual workshop, attendees will hear about critical lessons learned from the pandemic and share how to prepare for what is next for emergency departments. Discussions will focus on how to use data and analytics to improve care, the power of dyad leadership, and strategies to connect with patients and employees.

***All times are in Central Standard time zone*

***Eligible for CE Credits*
