BEST PRACTICES WHEN IMPLEMENTING COMPREHENSIVE RESEARCH COMPLIANCE APPLICATIONS

A successful software implementation includes a lot of moving parts. The University of Washington, a top 5 research enterprise, learned these valuable lessons during their Huron Research Suite implementations of Click IRB and Click IACUC.

MORE INTERACTION

Over communicate with your stakeholders

PRIORITIZE RELATIONSHIP-BUILDING

No us-versus-them mentality

REMEMBER THE BIG PICTURE

Try your best to avoid tunnel vision and check your roadmap regularly

ASSUME POSITIVE INTENT

Approach communication among your stakeholders with positivity

TAKE ACCOUNTABILITY

Ensure that those involved are understanding the process
