

MEDICARE/MEDICAID COST REPORTING: THE BENEFITS OF MOVING TO AN ELECTRONIC SYSTEM

Collecting, tracking and reporting physician time accurately for reimbursement can be challenging. Huron's Time Study system can help optimize reimbursement and reduce administrative burden. Key benefits of the system include:

Optimize Compliance and Reimbursement

Reduce administrative burden

Ease of applying data for the A-8-2 analysis versus tallying up time studies manually

Increase completion rate and oversight

More time for accuracy review

Robust reporting tools

Watch our recent webinar to **learn more** about strategies to manage physician time studies for Medicare/Medicaid cost reporting.
