

HURON COI

THE BUSINESS OF RESEARCH IS ONLY GETTING MORE COMPLEX AND CHALLENGING

The fiercely competitive research environment challenges institutions to maintain a world-class research enterprise that moves society forward, promotes innovation and advances knowledge — all without adding additional administrative burden to researchers.

Increase institutional compliance and streamline disclosure processes with an electronic centralized COI management system that eliminates process roadblocks. Huron's COI solution lets you integrate annual disclosure data with related research certifications such as IRB studies and funding proposals. You can also easily reconfigure the system to meet new internal or external requirements. Over 60 leading research institutions currently manage their COI compliance efforts with Huron COI.

Huron COI is part of the Huron Research Suite, a comprehensive solution to facilitate communication, relieve administrative burden and free up time for what matters most — your research mission.

ORGANIZATIONAL BENEFITS	SOFTWARE FEATURES
<ul style="list-style-type: none">Automate COI processesAllow for future upgradesManage transactional, annual and/or research related certifications	Fully functional, upgradeable and documented solution
Eliminate redundant data input — a major irritant and a primary deterrent to COI compliance	Streamlined disclosure forms
<ul style="list-style-type: none">Help ensure consistent processesConfigure your own thresholdsEliminate delays and lost disclosures	Automated workflow
<ul style="list-style-type: none">Reduce the risk of noncomplianceFoster a culture of transparency	Early flagging of potential conflicts
Track compliance and improve response rates	Electronic reminders, including automatic notification and escalation
Easily generate and distribute data required for public disclosure	Public disclosure reports with web publishing
Connect COI data to study and funding proposals without duplicate data entry Reduce errors and compliance risk, and facilitate rapid access to remote data	Built in system integration with Huron's IRB, IACUC and Grants solutions
Reduce time required to create plans	Management plan templates of potential conflicts
Simplify identification, tracking and management of institutional relationships that could create conflicts	Institutional COI support reminders
Easily tailor the solution to your disclosure needs	Browser-based, configurable application architecture
