

4 Ways to Manage the AMP Final Rule Implementation

The Centers for Medicare & Medicaid Services (CMS) issued the Covered Outpatient Drugs Final Rule in January 2016. For Government Program (GP) professionals, its impact will be felt across a multitude of departments—but there are practical ways to manage its effect:

1

Educate

Inform your organization about the Final Rule

2

Gain Visibility

Network within your organization to share potential operational and financial implications

3

Plan

Develop an implementation plan

4

Execute

Implement new and applicable Final Rule requirements
